sarkysage	08:38:55	No one was predicting a one in 500 year flood I should stress - Morrison. Lets break down his bullshit: No one knows in which year the next flood will be. No one expected him to be a fortune teller. No one asked him to predict it. Its all about the reaction when it happens.	<a href="https://twitter.com/SarkySage/status/1503206512868556801">https://twitter.com/SarkySage/status/1503206512868556801</a>	1
proudafamerican	08:36:50	1 of Gov. Sisolak's opponent's says he will stop the flood of illegals into NV. How does the Governor of a state that doesn't share a border with Mexico control the border? Stop falling for empty promises from the GOP. bundynelle	08:33:49	@SpencerHowson Same but our local Federal Member worked her butt off during floods so I'm rewarding her. Yet last election I didn't vote for her. deftacts	08:31:57	@tweet_frankie @MikeCarlton01 @abcnews Fair. Generally agree with Carlton, but the prospect of WWII, the floods and climate change arent breaking stories at the moment - if theres a new major change then it will undoubtedly make the front page, but if not then the ABC should be free to run other stories too	<a href="https://twitter.com/DeftActs/status/1503204759062208512">https://twitter.com/DeftActs/status/1503204759062208512</a>	1
